Subject EPA Elder interviews

Hello Delores Larson, Billy Maines, and Richard King,

You received a packed from EPA in Anchorage via Tami Fordham explaining the EPA cultural assessment of selected villages in the Bristol Bay region. So far we have been to New Stuyahok, Nondalton, Iliamna, Pedro Bay and Newhalen. We would like to visit your villages September 16 through 19th. Send me an e-mail if these dates are ok and which ones work best for you. I know Dena'ina Air flies into Koliganok and Ekwok but I'm not sure if they also go to Dillingham. Any advice on air travel is much appreciated. If there is a tribal center or other place in Ekwok or Koliganok we could spend the night, that too would be appreciated.

We'd like to interview 4 elders or culture bearers in each village as selected by the tribal council.

Interviewing two at a time works well. If the Elders would prefer to speak in Yup'ik, which we encourage, we would need a translator present.

Thank you, and we look forward to meeting you and visiting your village.

Alan Boraas, 907 [REDACTED], 907 [REDACTED]
